

TEAM WORK

CONNECTME

Starting off right with the CLOUD

Accounting is at the heart of your company's information system: the WinEUR software suite will seamlessly adapt to your business activity, your work methods, language and currency!

The **ConnectMe** solution is composed of the basic **WinEUR ACCOUNTING** module, to which the following modules are linked:

- o AP/AR (debtors and creditors) & Analytic
- o Invoicing clients /suppliers
- o Payroll and IZI-CLIK (optional)

Can be used in Cloud mode, as a hosted service, to access your accounting via an internet connection wherever you are.

PRODUCT HIGHLIGHTS

- ✓ Easy and quick installation
- ✓ Possibility for Team Working amongst users
- ✓ Cost control: annual expenses are budgeted for and include maintenance costs
- ✓ Updates included

Technical aspects

WinEUR ACCOUNTING
